

Beverage Order Guide

Full Open Bar

any item on our beverage menu may be ordered by guests and charged to master bill. This includes draft or bottle/can beer, wine by the glass, hard liquor, and house specialty cocktails

Limited Open Bar

any item on a custom chosen beverage menu may be ordered and charged to the master bill.

In this instance we require a specific list of exact items that are allowed to be ordered from our menu. These items can include any mix of draft or bottle/can beer, wine by the glass, hard liquor, and house specialty cocktails.

A popular option with **Limited Bar** is to set a spending limit per drink and allow us to create a menu that gives guests full access to our menu but only below a certain price point. This can be used with certain levels as well, ie: "\$6 for draft beer, \$12 for wine and \$8 for hard liquor" at your discretion

Please be advised that our draft beer and wine list does constantly rotate. If for some reason the specific item is not available we will replace it with the most similar item at the approved price point.

Cash Bar

any item on our beverage menu may be ordered by guests but is paid for by the guest ordering the beverage. This includes draft or bottle/can beer, wine by the glass, hard liquor, and house specialty cocktails.

Specialty Orders

if there is an item that we do not normally stock on our regular beverage menu that you would like to have available for your event we are more than happy to source that product for you. However this does require a **minimum** of two weeks advance notice and may require longer depending on the product.

Popular options for this include domestic beers that we do not normally stock, specialty wines and spirits or a custom cocktail for your event.

If you have any questions regarding the beverage selections, pricing of specialty cocktails or menus for your event please feel free to reach out to our Beverage Manager, Matt Musick at MMusick@BigGroveTavern.com for more information.
